**WE WILL  
TEACH YOU  
HOW TO  
SURVIVE IN  
WOODS**

A group of people, mostly young adults, are gathered in a forest to build a large structure. The structure is made of a dense pile of evergreen branches and trees, some of which are being cut with machetes. The people are wearing winter clothing, including jackets, hats, and gloves. The forest floor is covered with fallen leaves and some snow. The background shows more trees and a misty atmosphere.

A photograph of a winter forest. The ground is covered in a layer of snow, with some dry grass and fallen leaves visible in the foreground. Several tall, thin, dark tree trunks stand vertically, some with snow on their branches. A fallen log lies horizontally across the middle ground. The background is filled with more trees and a bright, overexposed sky.

**OUTDOOR SURVIVAL TRAINING IS USEFUL IN  
REAL LIFE TOO. IT GIVES YOU A CHANCE TO  
SURVIVE IF FOUND YOURSELF IN WOODS.
